

Professional Cordless Pruning Hand Chainsaw

 **3 BATTERIES 4AH INCLUDED**

BUILT-IN OR REMOVABLE BATTERY

Thanks to the extension cord accessory, you can choose between operating with built-in battery or transporting it aside depending on the conditions and working time.

Multiple simultaneous charger for 3 batteries.

The extension cord is purchased separately.

MT37

The **ARVIPO MT37** stands as the first professional cordless chainsaw dedicated to pruning. Concentrates all the cutting power of a cordless one-hand chainsaw.

Its lightness, ease of use and cutting power are surprising. Perfect complement to the PS37 shears, sharing the same battery.
